## MORE THAN JUST A TRAINING CENTER

PT Geo Anfa Spasial is a legally incorporated company (PT) operating as an official Competency Testing Center (TUK), directly affiliated with authorized Professional Certification Bodies (LSP).

We serve as a one-stop solution — finding candidates who need certification, preparing them with hand-picked expert instructors, facilitating the LSP competency exam, until your official BNSP certificate is in your hands.

All BNSP certification types, all fields, all levels — we handle it all.

### INSTITUTIONAL STATUS

- ✔ Legally Incorporated Company (PT) — Kemenkumham RI
- ✔ Officially Registered Competency Testing Center (TUK)
- ✔ Affiliated with Professional Certification Bodies (LSP)
- ✔ BNSP Certificate — Nationally Recognized Nationwide

## WHY CHOOSE US?

### End-to-End Service

From registration, training scheduling, exam preparation, LSP competency testing, to certificate issuance — we coordinate everything in one place.

### Expert & Certified Instructors

We connect participants with certified expert instructors with proven experience relevant to each specific certification field.

### Free Consultation

Unsure which certification scheme is right for you? We offer free, no-commitment consultations to help determine the best path for you.

### Nationally Recognized

BNSP Competency Certificates are recognized by government agencies, state enterprises, and private companies nationwide. Valid for 3 years.

### Legally Incorporated

PT Geo Anfa Spasial is a formally registered company (PT) with Indonesia's Ministry of Law — a legitimate, credible institution with verified NIB & NPWP.

### All BNSP Fields & Schemes

Not limited to one field — we facilitate all BNSP certification schemes through our extensive and trusted LSP partner network.

HELP CENTER

## FREQUENTLY ASKED QUESTIONS

### What is BNSP certification and what are its benefits?

BNSP (National Professional Certification Board) is a government body that issues work competency certificates in Indonesia. These certificates are nationally recognized, increase your market value, and are often a mandatory requirement for government tenders, certain job positions, or specific projects.

### Is it true that all types of BNSP certification can be handled here?

Yes. As a TUK affiliated with an LSP network, we can facilitate almost all BNSP certification schemes across fields — from geospatial, HSE, environment, IT, construction, agriculture, to finance and tourism. If you can't find your field in the list, contact us directly — we'll find a solution.

### How long does the process take from registration to receiving the certificate?

Duration varies depending on the scheme and participant readiness. Generally, training lasts 2–5 working days. After the LSP exam, certificates are issued within 2–4 weeks. We'll provide a more accurate estimate during the initial consultation based on your chosen scheme.

### Who conducts the competency exam?

The exam is conducted by the authorized LSP (Professional Certification Body) certified by BNSP — not by us. We act as the TUK providing the venue, facilities, and participant support. LSP assessors conduct the independent evaluation according to national competency standards.

### How do I register?

Contact us via WhatsApp at +62 857-9657-7160 or visit [training.geoanfaspasial.com](https://training.geoanfaspasial.com). Tell us your field and certification scheme, our team will promptly respond and guide you step by step. No fees whatsoever during the initial consultation stage.

### Is there a program for companies / institutions (corporate)?

Absolutely. We serve collective employee certification (in-house training) for private companies, state-owned enterprises, government agencies, and organizations. The schedule, location, and scheme can be tailored to your organization's specific needs. Contact us for a special offer.

### How much does training and certification cost?

Costs vary depending on the certification scheme, number of participants, and training duration. Initial consultation is completely free. We'll provide a transparent and competitive quote once your needs are clear. There are no hidden fees.

### Is the BNSP certificate valid nationwide?

Yes. The BNSP Competency Certificate is an official certificate nationally recognized by all government agencies, state enterprises, private companies, and other institutions across Indonesia. Certificates are valid for 3 years and can be renewed through a re-certification process.
